F.6 Inter-School Oral Practice

On January 10th, our school successfully held an Interschool Oral Practice session with Hon Wah College to prepare our Form 6 students for the upcoming DSE speaking exam. This event allowed students to engage in both group discussions and individual responses, fostering the development of effective speaking strategies.

Students received valuable feedback from peers and expert guidance from teachers, significantly enhancing their confidence and skills in speaking. The collaborative atmosphere created a productive and enriching experience for all involved.
